HOROSCOPE

Foreword

*There was a star danced, and under that
was I born.—Shakespeare*

The Cougar Memoir for 1955 is being presented as a horoscope. A horoscope or "nativity" is a map of the heavens at the hour of birth showing the positions of the heavenly bodies and their influence upon man. There are twelve such constellations located in an imaginary broad belt in the heavens, which the sun traverses annually. This is called the zodiac, and each of its twelve signs is credited with its own characteristics and influence.

From time immemorial the magic and mystery of the stars have fascinated man. Long before the Christian Era the ancient people began to study them. Through this art or science of astrology man began to predict future events, especially the fortunes of men, by the position of the stars. The deeds and destinies of men were directly credited to the stars.

The astrologers of ancient civilization conceived and named the signs of the zodiac which have been handed down through the ages to the present time. We have shown all the signs and symbols of the zodiac throughout this book.

How can you read your horoscope? It is really very easy. All you need to know is your birthday. Then check the table of contents on page six for your natal sign, and read your own horoscope on the prescribed page.

Because of space limitations we have included the birthdays of seniors and members of the faculty only. To all of you, however, the Cougar Memoir wishes a happy birthday, and—watch that horoscope.

The Cougar Memoir staff is pleased to present to you your year book for 1955. We hope you like it. We tried to make it as personal as we possibly could. We have tried to record, in word and picture, your carefree, happy, and formative years in Charleroi High School. We trust that as the years speed by, and that when the present has become a part of the dim past, you can remember these years through the Cougar Memoir.

We hope to have given you a handful of stars with each one a guide to live by.

We Salute the Superintendent

Mr. W. H. CLIPMAN, JR.

July 30 — Leo

A school must be more than a monumental pile of steel and brick and mortar. A great school must have a soul; a soul to reach out beyond the stars ever in search of truth; a soul that can then instil this truth into the hearts of youth in common, everyday terms.

And what gives a school this soul? It is the teachers, who in their ceaseless, devoted and sublime ways, lead our youth in this search of free and truthful thinking.

Yet, there must be one to guide the leaders. There must be one to set the pattern, to explore unknown horizons---to find the right way. There must be one who is the ultimate "great soul" as we build our great school.

The guide in the Charleroi School District has been for nine years a superintendent, one year an assistant superintendent, twenty two years a principal, three years a teacher—for thirty five years devoting his life to the building of a great school.

We like to think that here is a man and his dream—a dream that came into being when he first entered the field of education. Through the years that dream was nurtured. It grew and blossomed into a reality. And now, as he leaves, it is good to know that the dream remains—that under the leadership of our teachers and new superintendent who remain, it will continue to grow and blossom and yield fruit—our educated youth. It is good to have faith in this.

For all these things the Cougar Memoir salutes you, Mr. W. H. Clipman, Jr.

But man was not meant to dream alone. A dream must be shared with someone you love--- the disappointments, the hard work, the many obstacles, the final fruition---all these must be shared. The Cougar Memoir is pleased to present Mrs. Clipman, the inspiration and sharer of a dream.

The stars declare that the ideal marriage partner for a daughter of Taurus is a son of Scorpio. They further indicate that the ideal marriage partner for a son of Leo is a daughter of Aquarius. Star-crossed? Nay! The stars have been good to you. Together you have had a full life, experiencing the pleasures and the heartbreaks of living. Together you have been very happy.

It is indeed written in the stars---that this is another beginning, another adventure, perhaps another dream. The stars proclaim more success and happiness and love. We are glad. Yet, we would add just one thing more to your lucky stars---God be with you.

MRS. W. H. CLIPMAN, JR.

Alma Mater

It's back to school in the fall.

Sophomore hazing ushers in a frightful first week of school for the bedazzled sophomore.

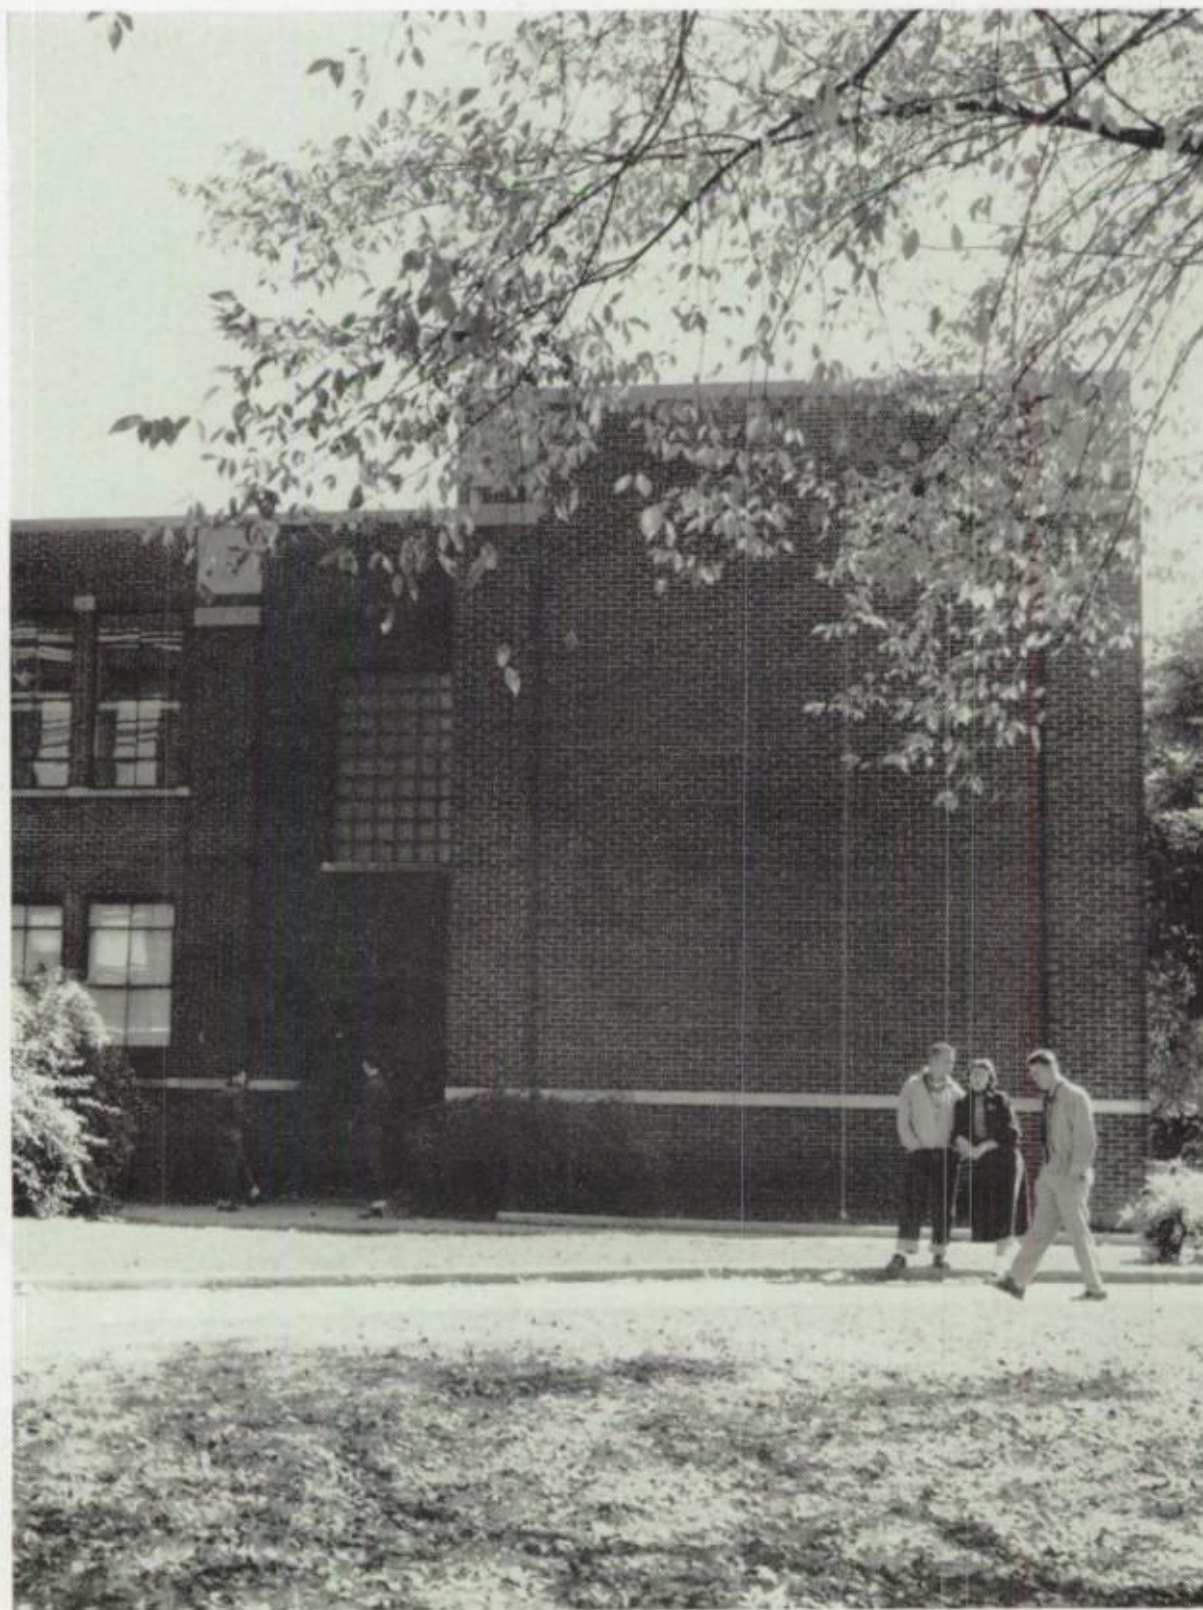

Peanut rolling on the senior walk has almost become traditional during "Sophomore Week".

Fall means football in C.H.S.—the season of pep rallies, cheers, high-stepping majorettes, that snappy band, crowds, crowds, crowds.

On the benches, waiting to get into the game, we have determined, eager players—to do or die for Alma Mater.

Fall leaves, a pleasant day—a boy, a girl reluctant to go to classes.

The office is a bustling place every morning. There are keys to get, mail, memoranda—everything necessary to begin another school day. These empty chairs are sometimes occupied by holders of "pink slips" at 3:15.

Over in the Annex work goes on as usual. In the beauty culture department Miss Sciabica supervises the shampooing of hair. They do many other things which are meant to beautify milady.

From across the hall can be heard the rhythmical pounding of the typewriters. Typing is one of our popular courses and it serves as a preparatory course to a business career.

C. H. S. students like to go dancing. They enjoy both the casual "jean" dances as well as the semi-formal "Sleigh Dance" which the beauty culture department sponsors at Christmas time.

Music plays a most important role in Charleroi. We have a great band, excellent chorus groups, and instrumental and vocal soloists. Here a small segment of the band helps out at the pep rallies.

A major way of expressing school spirit is by cheering at the pep rallies. The cheerleaders do a grand job of leading the cheers, and the band obliges with a number or two. Of course, some students (mostly boys') don't do much cheering. However, all in all, our school displays an excellent school spirit.

Superintendent's Message

Mr. W. H. Clipman, Jr.

your career; I, because I am just closing my career.

In your case, the relative positions of the stars are most favorable to you in prospect of long, challenging, useful, and happy lives ahead. The "Balance Sheet for a Graduating Class," which I recently placed in your hand, tells you just what I mean.

In my case, the relative positions of the stars are just as favorable, but largely in retrospect. My career as an Educator is soon to end. It has been an experience of thirty-five years, all spent in Charleroi, and giving me a great deal of opportunity to balance my account. I can only hope that you, and others, who may evaluate it and weigh it in the balance, shall not find it wanting too much.

May I wish for you every happiness and success, through the years ahead, in your accomplishment of that long, challenging, useful, and happy life which the stars predict for you.

So, as we both go forward into the future, let us keep our eyes on the stars. It is possible to see the challenging new frontiers only as we look out and up.

Most sincerely yours,

W. H. Clipman, Jr.

The Principal Speaks

According to the astrologers the twelve signs of the zodiac represent the physical framework of man, played upon by the magnetic and planetary currents according to the position of the sun, moon, and planets at birth. They claim it is a science, and if we live according to all these signs, we can plan our lives exactly as we interpret them—our horoscopes.

This is unbelievable to most of us, but it should bring something into a clear focus that is far more important to you—that through a faith in God and the discipline of education you will be able to accept or reject many of the beliefs, ideologies, doctrines or dogmas to which you will be subjected. Only through continuous study and evaluation will you make wise decisions upon which your happiness and success will depend.

Teachers have all contributed to this needed discipline, whether it be moral, mental or physical. We sincerely trust you will realize that we were pointing out some of the landmarks or signs which are so urgently needed by students to help guide them to a happy and effective citizenship.

Under the direction of the sponsor, Mr. Caruso, the Cougar Memoir staff has given all of us, especially the seniors, a history as well as a horoscope. Congratulations—well done.

SPECIAL NOTE FROM THE COUGAR MEMOIR:

As the Cougar Memoir goes to press Mr. Glunt has been elected superintendent of schools for next year. We hate to see him go; he has been good to us; he has been good for the school. We shall miss him very much.

But we realize that his new position is a step upward, and we know that man is forever wanting to reach higher aspirations. We offer "Chippy" our congratulations, best wishes for his success, and always Godspeed.

Fuel for the bonfire

Lowly sophomores; mighty upper-classmen.

Giving the instructions

Come on now; let's get going

Everybody was having fun except the sophomores. Painted faces, pajama parades, boxes for the bonfire, enforced respect for the juniors and seniors—these were only a few of the indignities and tasks the sophomores had to endure that first week of school. It just wasn't safe to be around school. Oh if that bell would only ring. At least inside the school was a sanctuary.

"Oh well, just wait until next year," sighs the poor sophomore.

"Beauty and the Beef," a comedy in three acts by William Davidson, was presented this year by the senior class. The setting is in the living room of George Allen's new home in Winnebagushi, a southern Minnesota town. The time is mid-September of the present year.

The play opens as the Allens have just moved to Winnebagushi, and Ginny Allen, who is seventeen and the smartest girl ever to graduate from the "Junior Quiz Program," is becoming more and more interested in Beef, captain of the football team. The only way she can keep Beef as her boy friend is to make him believe she is dumb. The schemes she plans in order to accomplish this sets the mood for a hilarious and very enjoyable evening's entertainment.

The entire production was very capably directed by Mrs. Thelma Caruso.

The cast, in order of their appearance, is as follows:

Ginny Allen	Margaret Lee
Laura Allen	Joan Dougherty
Lester Allen	William Meyer
George Allen	James Corey
Franny Barton	Patricia Farley

PLAY REHEARSALS

Every Tuesday and Thursday evenings from February 1 until play time the cast diligently rehearsed "Beauty and the Beef." It was a lot of work — learning lines, places, repeating and repeating of scenes—but it was worth it. Come to think of it, those rehearsals were a lot of fun too.

Stage Crew

Sitting—D. Semich, B. Nahar, D. Brown, K. Soderholm
 Standing—W. Popowniak, R. King, V. Buberniak, A. Horn

The people behind the scenes—those who are not seen or heard—are a major factor in the success of a senior play. They are the stage crew. At the beginning this group clears the stage, sets up a temporary setting, and prompts the actors. Here the performers and director realize the importance of a good stage crew. Being responsible for props, furniture, sound effects, working the lights and curtains are but a few of their duties.

The stage crew, Mr. Hicks and his boys who built and painted the set, and Mrs. Caruso who did such an excellent job of directing the play all deserve the praises heaped upon them. And the applause which greets the players at curtain call is surely meant for those people behind the curtain also.

Foggy—in a fog

That's all right; they are Mr. and Mrs. Allen in the play

The Cougar Courier is published fifteen times during the school year. Each copy is sold for ten cents, but everyone will agree that it is worth more.

Much of the growth and development of the Cougar Courier is due to the efforts and capable sponsorship of Mrs. Ethel Steiner. The members of the staff have also worked hard and long to make the paper the success that it is.

For the past several years the Cougar Courier has been a member of the Pennsylvania School Press Association.

Business Staff

The Business Staff is that tireless group of students that handles the finances of the school publications—the Cougar Memoir and the Cougar Courier.

The chief work of this organization is to solicit the advertisements that appear in the Cougar Memoir and Cougar Courier. In addition, the Business Staff sells and distributes the Cougar Courier. Although the sale and distribution of the Cougar Memoir are handled through the Memoir staff and senior homeroom chairmen, the Business Staff manages all of the finances.

This year's Business Staff is one of the largest groups in the school. From a comparatively small group in former years, the staff now includes 85 members.

This year also saw a change in faculty sponsors. The club is now very capably sponsored by Mr. Joseph Dielsi.

The Business Manager, Rosalie Famularo, has done a grand job.

Preparing for future education and for the association and participation as citizens in a community is the work of the Forensic Club. It affords a wonderful opportunity to every boy and girl who enjoys speaking. Besides this experience of speaking, the Forensic Club provides the chance to meet students from other schools; it encourages pupils to participate in social and political events; it gives the student the chance to speculate upon a question from various viewpoints; it tends to enlarge the over-all span of his creative thinking.

Among the various phases included in the Forensic Club the following may be listed: debate, poetry, humorous and original readings, extemporaneous speaking, readings from Shakespeare, student congress, and other fields of speaking.

The club participated in many contests and debates which included the McKeesport Speech tournament, the P.F.M.L. county eliminations and N.F.L. district tournaments.

Outstanding members of this year's club include James Corey, Norman Hopton, and Pat McGeever.

As in the past, this year's Forensic Club was under the supervision of Mr. Leslie D. Shriver.

Audio-Visual-Aid

The Audio-Visual-Aid Club was started in 1939 by Mr. Baird who has been its sponsor ever since. The purpose of the club is to project motion pictures as an aid in teaching. This also helps to bring variety into the classroom. When the club was first started, approximately thirty four movies were shown; now, well over a hundred movies are shown in one year.

There is quite a lot of work connected with showing a movie. The projector must be set up and threaded, the screen must be in place, and someone must operate the projector.

The students in the A.V.A. give up study periods in order to run the machine in the various classrooms.

Mr. Baird has the assistance of two capable secretaries, Patricia Farley and Barbara Fabian. They schedule the films and notify the operators when and where the movies are to be shown.

The club has modern equipment with which to show the movies. They have two 16 mm. projectors one an Ampro and the other an R.C.A., two film strip machines that show film strips and slides, two opaque machines, three screens, and P. A. outlets for projectors in the auditorium.

The A.V.A. Club not only provides experience for its members but also is a great help to the teachers.

The watchword and ultimate aim of this organization is service. The motto of the club—"We Build"—is reflected in all of the projects they undertake, for they help to build better citizens of tomorrow by teaching them the ideals of service today.

Although a non-scholastic organization, sponsored by the Charleroi Kiwanis Club, the Key Club has undertaken many service projects for the school. Some of the outstanding ones have been building bonfires, presenting pep rally skits, and many similar things.

One outstanding achievement was the sponsoring of a hypnotist show which the student body and faculty enjoyed immensely.

The officers for this year are:

President	Bill Meyer
Vice-President	Robert Roy
Secretary	Robert Beres
Treasurer	Adrian Slezak
Faculty Sponsor.....	Mr. Hughes
Kiwanis Sponsor	Mr. Rosenberg

Tri-Hi-Y

Besides having fun during the year, the Tri-Hi-Y Club upholds its purpose which is to create, maintain, and extend throughout the home, school, and community high standards of Christian character.

The Tri-Hi-Y is a non-scholastic organization which meets at the Methodist Church twice a month. Members who do not attend regularly are dropped from the club. The main objective of this organization is to seek, to find, to share.

The motto of the girls is "Pure words, pure thoughts, and pure actions." All girls, when joining the club, take an oath to uphold this motto.

During the year the club has had parties at some of the meetings, bake sales, and worked to earn sweaters for the senior members.

The Caritas Club was first organized in 1952. At that time its purpose was mainly to raise money for the Charleroi-Monessen Hospital building fund. They chose the name, Caritas, a Latin word meaning love and charity. The organization, now in its fourth year, has lived up to its name very admirably. It still remains an active charity club in Charleroi High School.

Through the years the club has engaged in projects which have benefited the school and community. Among these may be mentioned the making of handbooks for sophomores, helping in the Easter Lily drive for crippled children, the sponsoring of several dances, and the wonderful work of collecting clothes for Korea.

Well done Caritas Club. Keep up the good work.

The sponsor of the club is Miss Sciabica.

The officers for this year are:

President	Charles Gennaula
Vice-President	Mary Ann Martucci
Secretary	Jacqueline Price

Library Assistants

One of the newest activities in Charleroi High School is the Library Assistants Club. This club was organized in September, 1954 by the librarian, Miss Hrivnak. This group consists of sixteen members. They aid in keeping the library running smoothly by helping to shelf and check out books, post informative materials on the bulletin boards, and to act as aids to the students in finding research materials.

The club members will receive pins for a two year membership, one of which must be in their senior year. Membership is opened to any boy or girl in any class.

In the future, the club is planning to prepare book reviews which will be published in the Cougar Courier. The purpose is to acquaint the students with a few of the many books in the library, and to encourage them to do more reading.

The motto of the club, which is a good one for all to adopt, is "Read for fun and knowledge." The officers include:

Participants include Forensic Club members from Charleroi, California, Monessen, Donora, and Bentleyville.

SENIOR PARTY

The class of 1955 started something new in the annals of Charleroi High School. On February 9, from 7:30 until 11:00 the class had a Senior Party at the high school. The evening was divided into three phases—entertainment, lunch, and dancing.

The entertainment was in the form of humorous skits performed by the various homerooms. Among the skits were student interpretations of the faculty room, Howdy Doody Time, gym classes, Mr. Shriver, chemistry class, music class, Miss Dolfie.

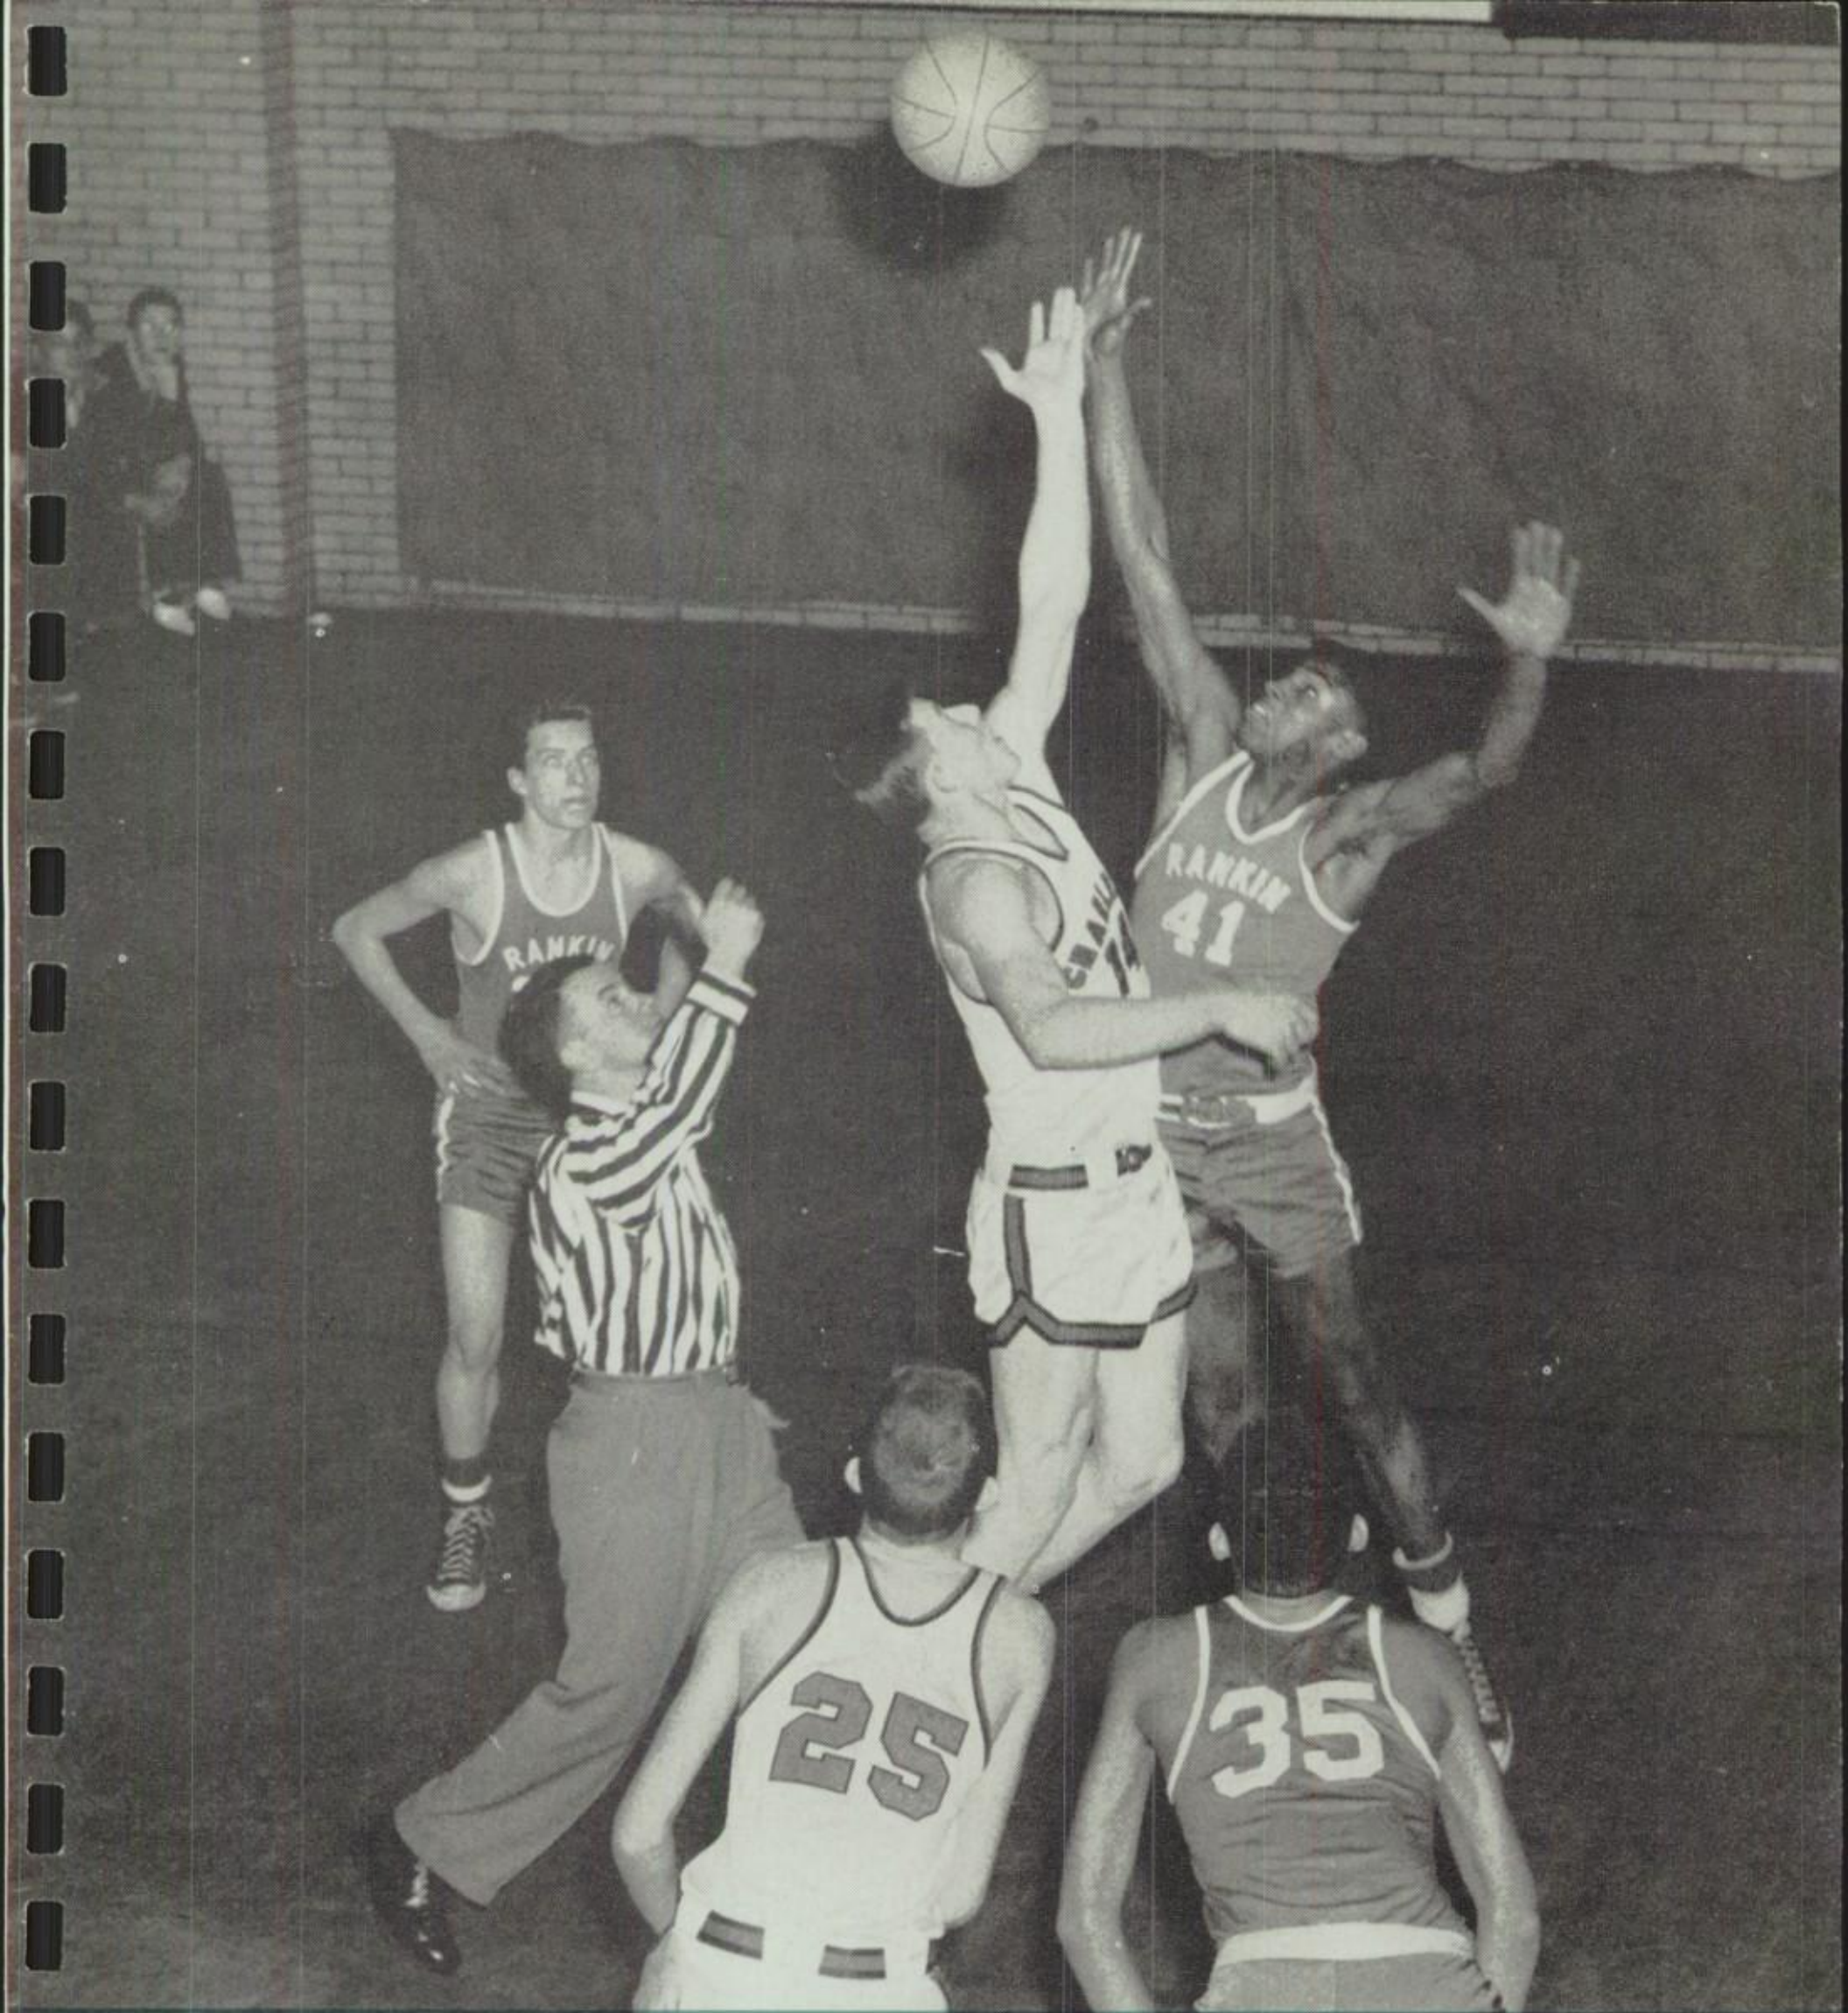

Planning and serving of refreshments were done by Shirley Koons, Peggy Lee, Karen Soderholm, Anne Conn, Joahanna Kruppa, Alice Ramoski, and Miss Gregg.

Dancing in the gym wound up one of the most enjoyable evenings of the senior year.

THE SEASON IN REVIEW

The Cougars started off on the wrong foot as they fell to the powerful Johnstown Trojans 18-12. The contest was close all the way, but the men of Troy finally triumphed by one TD.

C.H.S. got back on the winning trail as they swamped the Oliver eleven 41-0. Arnold Nelson, Dan Testy, and Carmen Cappelli starred for the Cougars.

The Cougars chalked up another easy win as they ran all over the Trinity "Hillers" 41-6.

Charleroi merged victorious in their first "Big Six" contest over Donora 13-12.

A last half letdown lost the Cougars their chance for "Big Six" supremacy as they lost to Brownsville 13-6.

C.H.S. made an impressive appearance against Clairton, WPIAL winners for 1954. However, Clairton had a strong second half to win 41-20.

The Cougars had no trouble dropping a reputedly strong Redstone team 34-7.

The Cougar team chalked up another easy win as they breezed past Monongahela 33-6. Guttman and Payne sparked the Cougars with their beautiful offensive play.

The Monessen Greyhounds downed the Cougars for the first time in three years. This was the big upset of the season as Charleroi lost 20-6.

Charleroi finished its season by defeating North Catholic 14-0 in a postponed game.

The C.H.S. cagers had a mediocre season this year, and for the first time in eight years had more losses than wins (9-13). But the record doesn't tell the whole story. The boys can be proud of their good, clean playing of the game, of their "never give up" attitude, and of doing the best they could.

The Cougars' lean season can be attributed greatly to their lack of height. Another contributing factor against C.H.S. success was the loss of playmaker, Maury Guttman at mid-season.

This year's team was coached by Henry Pennline who did an admirable job. Carl Aglio and Ronald "Chubby" Podwika were the co-captains.

The Charleroi baseball Cougars had a highly successful 1954 season. Winning their section 19 championship was just the beginning for coach Fillingham's boys. In the WPIAL eliminations our "champs" overcame all opposition right up to the finals. With a heart-breaking loss to Springdale (2-1) Charleroi closed its outstanding season. Congratulations are in order to a great team and to its very capable coach.

ABOUT THE SCHOOL

SAGITTARIUS . . . The Centaur

Babylonian god of war, a man archer with the body of a horse.

If you were born between the dates of November 22 to December 21 you were born under the sign of SAGITTARIUS.

Your astral color is Tan.

Most lucky day: Thursday

Most lucky month: August

Marriage partner: A Gemini native

Friends to cultivate: Gemini, Aquarius, and Libra natives

Your ruling planet: Jupiter

Your ruling planet, Jupiter, imparts to you: Generosity, cheerfulness, extravagance, ideality, thoughtfulness.

Those sure directors over untrodden paths . . . swift to decide . . . are sons and daughters of SAGITTARIUS.

"Mary, His Mother"

PAT FARLEY, JOAN DOUGHERTY AND PEGGY LEE

The Christmas program is always a highlight of the student assemblies. This year's presentation was no exception.

Presented jointly by the vocal music department under the direction of Miss McCague and the speech department under the direction of Mrs. Caruso, the program told a beautiful and sacred story of Jesus on His third birthday.

"Mary, His Mother" by A. C. Martens had the following cast of characters:

Ruth	Patricia Farley
Hannah	Joan Dougherty
Mary	Peggy Lee
Elizabeth	Patricia Brown
Angel	Judy Hunter
Scene: Mary's home in Nazareth	

Time: The third birthday of the child Jesus. Afternoon

The final, touching scene of "Mary, His Mother."

Part of the chorus which interspersed the story with beautiful Christmas songs.

In Observance of American Education Week

In observance of American Education Week (November 7-13) Charleroi High School held open house Monday, November 8, 1954. This consisted of an assembly program in the auditorium, a tea in the home economics rooms, and parent visitations and conferences with the teachers in the home-rooms. Every teacher participated in the event. Upwards of 500 parents attended; thus making the program a huge success.

The assembly program centered around the theme of American Education Week—"Good Schools Are Your Responsibility." Special note was made of Veterans Day.

The committee in charge was headed by Mr. Caruso as chairman, and included Miss Barnum, Miss Tombaugh, and Miss Hrivnak,

Wallace Hodge, one of the narrators

Madonna, in the Hawaiian sequence

The stage crew setting up the final scene—tribute to the war dead.

More On American Education Week

Joan and Jim as Mr. and Mrs. telling us of the parents' responsibilities to the schools.

The hard-working stage crew--Bill Timlin, Tom Wilkinson, Bill Popowniak, Alfred Horn.

Beverly Lichko in the Korean sequence, singing "Ave Maria."

Anne Moore Conn as Miss Liberty in "The New Colossus" number.

The Trio, Beverly, Darla and Ann, making close harmony.

The Antrim Bureau gave us "Happy Dagze."

Mary Ann Martucci in her famous pantomime number.

Dianne Carson delighted us with her very popular dance.

More Assemblies

Adrian Slezak, bubble-gum and all, doing a "Victor Borge."

The Antrim Bureau again with their Neopolitan singers and dancers.

Faculty Picnic

Mr. Glunt, looking carefree and happy.

Mr. and Mrs. C. enjoying the great outdoors.

Early in September, before the time of tests, grades, pink slips, and many other tasks, the faculty had a picnic. It was held at Redd's Beach after school. Those who attended, and there were many, had a wonderful time. There was plenty to eat—fried chicken, fresh corn, good hot coffee, ice cream, cake, etc. After the eats the faculty participated in games—softball and volley ball. We have some experts on our faculty—just like professionals. The next day—school, as usual.

If you can't make it out, the sign says "Garbage." The nice people in front are Miss Colvin and Mr. Pennline.

Mr. Cantoni, just like a king on a throne.

Mr. and Mrs. Hicks and Mrs. Caruso in a small conference of their own.

Vocational Girls

The vocational courses for girls include beauty and homemaking. The homemaking department includes both cooking and sewing. C.H.S. is indeed preparing the future.

Miss Sciabica supervising a shampoo job.

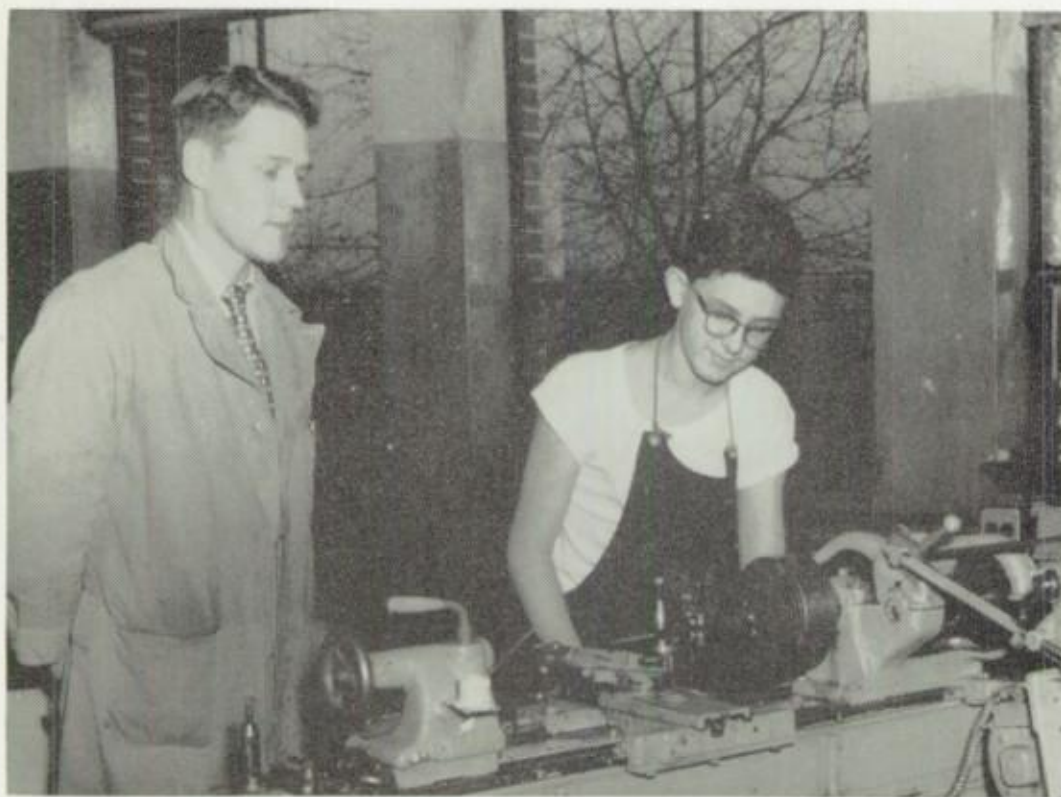

All this—to be beautiful.

Not exactly like Dior's, but it will do.

The sewing machine girls.

The test of the pudding—yessir, they have to eat what they cook.

Mr. Hughes just making sure it's being done right.

Vocational Boys

The vocational courses for boys consist of machine shop, electric shop, general shop, and drafting. These courses serve as preparation for the life work of many of the students.

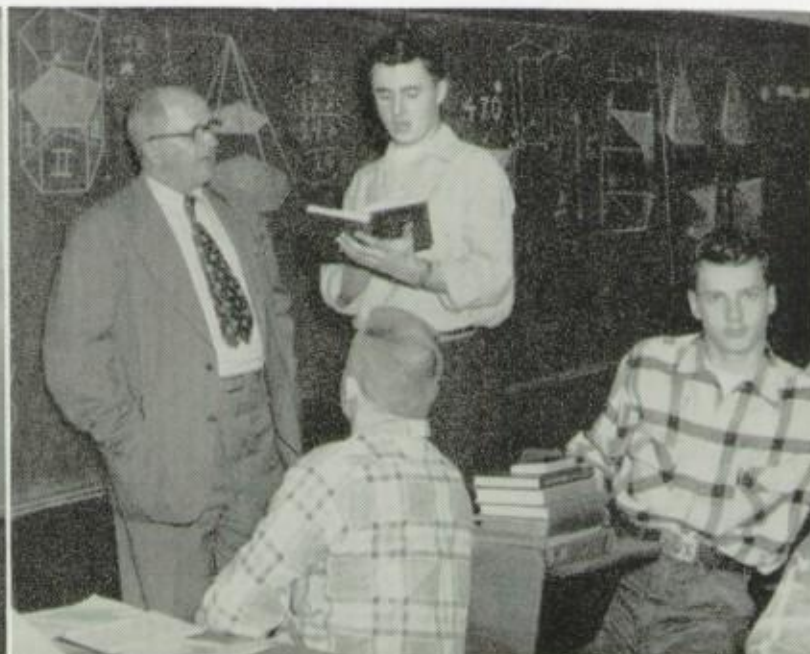

I hope they know what they are doing.
Looks like time out for "coke"

They keep busy in the electric shop.
Mr. Cahill seeing that all is in order.

Looking in on Some of The Classes

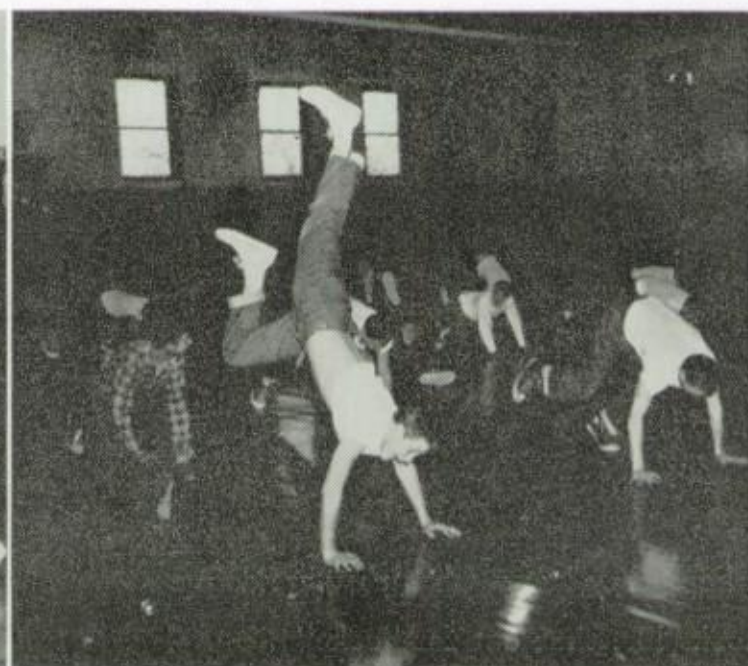

This looks like a class in solid geometry. Gee, I wonder what all those figures are. The one with glasses is Mr. Shriver, the head man in 208.

Sewing, weaving, embroidery—it's all part of the homemaking course.

Looks like a study period, well, partly anyway.

That's Mrs. Martino showing her gym class how it is done.

And this is Mr. Cheti's gym class "walking" across the floor the hard way.

Three big wheels—
Ron, Bob, Alex.

Bill and his shadow
(camera, that is).

Just Around School

The mystery is—who tied Dorothy to the
flagpole?

They are looking up at Bill in room 206 as he
hangs out the window to take this picture.

Wonder why he's laughing while the others help
themselves to the money?

Cutting out decorations for last
year's Junior Prom.

C. H. S. Goes To The Dances

Time out for the sponsor's photograph. This lovely picture was taken at the beauty culture "Sleigh Dance" which has become a traditional Christmas dance sponsored by the beauty culture girls. Miss Sciabica was persuaded to pose in the sleigh.

Cleo Rice being crowned queen of the "Sleigh Dance." Her escort is George Lukas.

C.H.S. students just love jean dances, Slop Hops, and all those crazy, mad dances they do.

It must be a tense moment at the football game.

Cheerleaders sitting this one out.

Our boy, Bill, is on the junior high gym floor looking up as Joe, Terry, and Carl decorate for the Junior Prom.

Rosemary, Virginia, Miss Gregg, and Marna at the junior class basketball refreshment concession.

Just before the Clairton game.

High-stepping chorus line

Co-captains Mancuso and Podwika introduce the members of the team.

Ed. Sweadner and part of the band help out with a tune or two.

On our side of the stage there is cheering on the main floor.

And in the balcony there is more cheering.

And now that you have seen what is written in the stars, it is well to remember these lines from Shakespeare:

Men at some time are masters of their fates:
The fault, dear Brutus, is not in our stars,
But in ourselves, that we are underlings.
